ADELSON, TESTAN, BRUNDO, NOVELL & JIMENEZ RECOGNIZED FOR HIGHEST PERCENTAGE OF FEMALE EQUITY PARTNERS

National Workers' Comp Defense Firm Earns Top Ranking from Law360

NEW YORK, July 26, 2017 – *Law360*, a leading publication covering law firms and legal developments, has ranked Adelson, Testan, Brundo, Novell & Jimenez (ATB) as the country's top law firm for percentage of female equity partners. At ATB, women attorneys comprise 60 percent of the firm's equity partners, the highest percentage of female equity partners of the over 300 law firms participating in *Law360's* 2017 *Glass Ceiling* study.

In compiling the 2017 *Glass Ceiling* report, *Law360* surveyed more than 300 U.S. firms, or vereins with a U.S. component, about their overall and female headcount numbers as of Dec. 31, 2016. Only U.S.-based attorneys were included in the survey, and firms were required to have at least 20 U.S.-based attorneys to participate. Law firms were ranked based on their percentage of U.S. equity partners that identify as women.

According to *Law360*, firms not disclosing equity partnership gender data were ineligible for the ranking. The report can be found by clicking the link, <https://www.law360.com/articles/947059/the-2017-glass-ceiling-report>.

"Today, our inclusive culture and focus on bringing together the brightest and most talented attorneys to serve the needs of our clients continue to be the keys to the firm's steady growth and ongoing success."

According to *Law360*, ATB has ranked among the top five law firms in its "Ceiling Smashers" listing in every year since 2014, when *Law360* began compiling the list.

Established in 1996, ATB is a national law firm with more than 140 attorneys in 27 offices. The firm's primary focus is on the defense of workers' compensation claims, employer's liability and related matters as well as the defense of its clients in personal injury and civil litigation cases.
